Dermpat is a vibrant skin pathology lab in Ghent, founded in 2011. We're a small and ambitious team – combining a high-end innovative approach with a warm, family-like spirit. As we continue to grow, we're on the lookout for a passionate dermatopathologist to join our team.

More information:  
<https://www.dermpat.be>

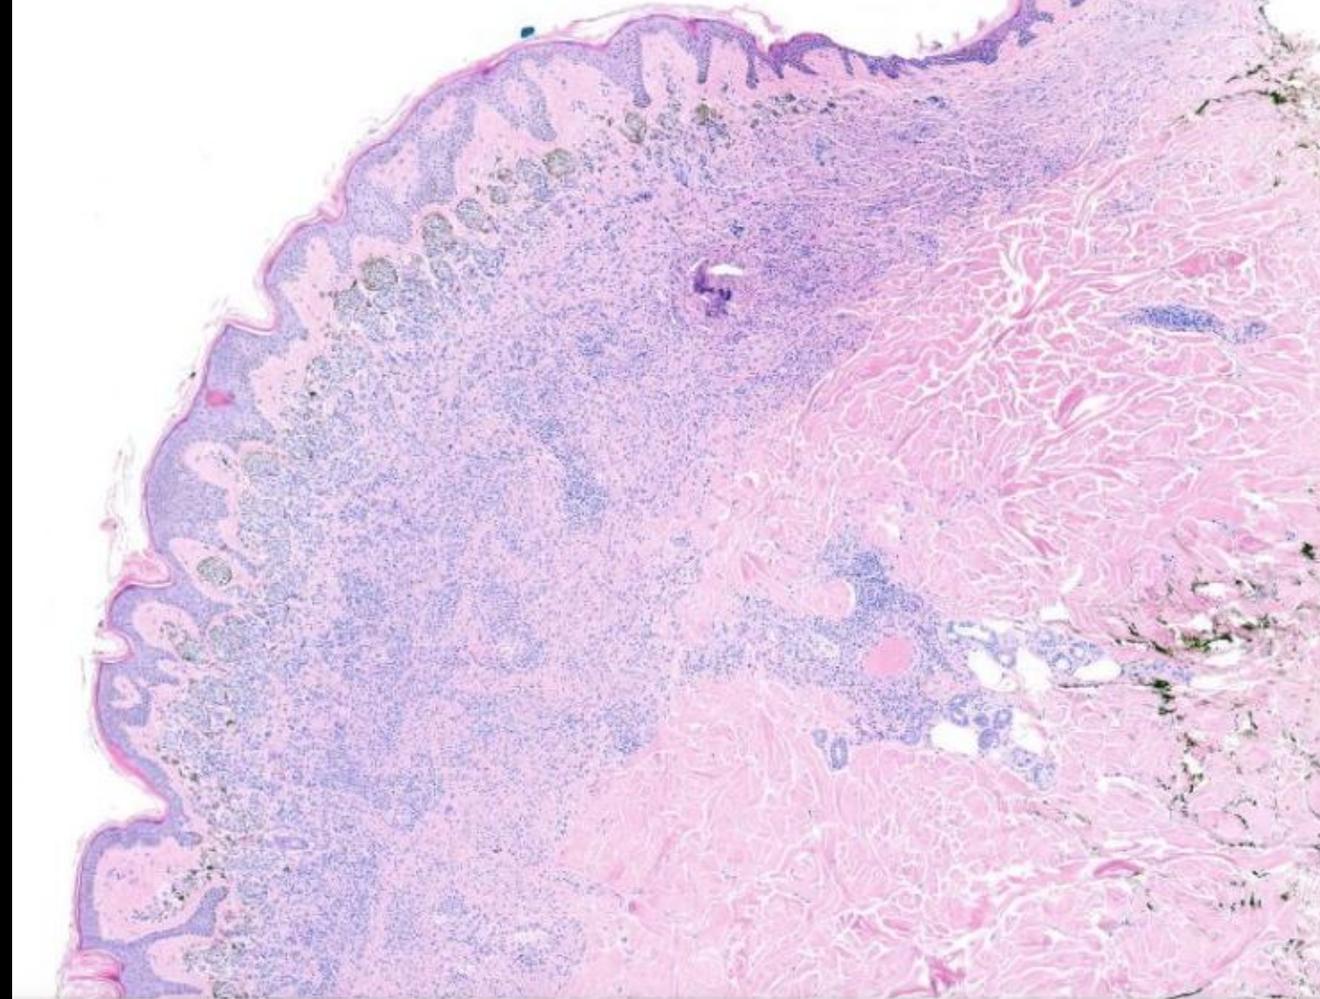

# Core responsibilities

- **Advanced Diagnostics:** Create reports for skin biopsies, covering both inflammatory and tumoral cases.
- **Dermoscopic Integration:** Analyze ex-vivo dermoscopic images using our unique "dotting" processing method.
- **Clinicopathological Correlation:** Deeply integrate clinical images and data into diagnostic considerations.
- **Quality & Efficiency:** Balance high-quality, detailed reporting with timely delivery, always keeping the patient in mind.
- **Team Collaboration:** Engage in frequent intercollegial consultation and work in close synergy with our lab technicians.
- **Optional Challenges:** Contribute to quality management, digitalization&AI development or scientific research if interested.

# Required skills

- **Degree:** Medical Doctor specialized in Pathology OR Dermatology\*.
- **\*Supervision:** As a dermatologist, you work closely with and under the supervision of a pathologist for validation.
- **PASSION:** A deep-rooted passion for and special interest in dermatopathology.
- **Experience:** Experience in or an extra training in dermatopathology is required.
- **Mindset:** You value teamwork, a family-oriented atmosphere, and have a scientific curiosity.
- **Asset:** Extra insight or interest in IT/digitalization/AI is a significant plus.

# What we offer

- **Well-being:** A familial environment where the bond between colleagues is key to our success.
- **Flexibility:** Negotiable workload and flexible working days.
- **Education:** Thorough on-the-job training and stimulation to attend (international) courses at expertise centers.
- **A True Team Culture:** We invest in our people. From workshops and teambuilding to various team activities, we ensure a supportive environment where everyone feels at home.
- **Status:** Independent Contractor / Self-employed

Ready to join our  
team?  
Or just curious  
for more details?
