Gelijkvloers = niveau 4

## From the hospital entrance: pink line

From the main hospital entrance, you can walk outside, following the directions to the Emergencies entrance ('Spoed'). Right before you arrive there, you will find stairs to an open-air passage between hospital buildings. Continue straight ahead and pass by Parking West to arrive at building ON4 and ON5. ON5 is the building with the greenish bricks. Be aware that construction works are going on, so temporary stairs are installed. You are now at floor 4 of ON5 and can find HR/central admin offices here.
